EDITOR'S NOTE

September always feels like a fresh start. The school year is in full swing, the weather begins to cool just a bit, and routines slowly fall back into place. It's a month of transition; one foot still in summer, the other stepping into fall. There's something bittersweet about this in-between season, where the sunsets get earlier, we start looking forward to wearing those sweaters in our closets again, but we also begin packing up our swimsuits for next year.

This issue captures that seasonal shift perfectly! On page 7, you'll find everything you need to know about our Oktoberfest celebration; make sure to attend this event full of German food, fun, and festive spirit. If you're in the mood to relax and unwind, check out the Margarita of the Month on page 20. Each month brings a new flavor to try, and September's pick is worth sipping slowly.

We're shining a spotlight on Youth Coaches and Sports in this issue! Turn to page 23 to learn how you can make a difference in the lives of Yokota youth. You'll also find registration details for upcoming Youth Volleyball and Flag Football. Get involved, give back, and inspire the next generation!

Thanks for spending a bit of your September with us. I hope this month brings a balance of fresh starts, familiar comforts, and new memories waiting to be made!

SEPTEMBER IS SUICIDE AWARENESS AND PREVENTION MONTH.

MYTH: Asking about suicide will put the idea into someone's head or encourage suicide.

FACT: Talking about suicide provides the opportunity for communication. Start the conversation. By teaching people to recognize when they need support - and helping them find it - you can actually reduce their suicide risk.

MYTH: Once a person has the intent to commit suicide, there is no way of stopping them.

FACT: Suicides CAN be prevented. People can be helped. Suicidal crises can be relatively short-lived. Immediate practical help such as staying with the person, removing access to their suicidal means (for example, locking up medications), and encouraging them to talk, can avert the intention to attempt or commit suicide.

MYTH: Only certain types of people become suicidal.

FACT: Everyone has the potential for suicide. Thoughts of suicide are not uncommon, 1 in 5 adults will think about suicide at some point in their life. Supportive relationships and community connectedness can help protect individuals against suicide despite the presence of risk factors in their lives. Connection matters!

9-10 Sep: Join us at lunchtime at Yokota Community Center for this year's Living Tree experience. Take a moment to share your reason for living with us and be encouraged by other's "why."

30 Sep: Candlelight Vigil and Walk: Walk in memory of a loved one or yourself this evening. There is always hope. Look for information at Yokota IRO. The walk is a family and pet friendly activity.
